

**Personal data:**

Title: Prof. Dr.

First name: Stefan

Last name: Weber

Current position: University Professor, Managing Director, Institute of Physical Chemistry

Institution: University of Freiburg, Germany

**Qualifications and career history:**Qualification:

Chemistry degree (diploma): University of Stuttgart, Germany, 1982–1989

Doctorate: University of Stuttgart, Physical Chemistry, 1994 under Prof. Dr. Gerd Kothe

Career history:

1995–1997: Postdoctoral fellowship (Feodor-Lynen-Scholarship, Alexander von Humboldt Foundation) at the Chemistry Department of the University of Chicago (Prof. James R. Norris)

1997–2003: Research assistant, Department of Physics, Free University of Berlin

2003: Habilitation in experimental physics, Department of Physics, Free University of Berlin

2004–2007: Lecturer, Department of Physics, Free University of Berlin

Since 2008: Full Professor and Managing Director, Institute of Physical Chemistry, University of Freiburg

Career history extras:

2014–2015: International Senior Fellow, Freiburg Institute of Advanced Studies (FRIAS)

Since 2025: President of the “International Spin Chemistry Committee”, (membership since 2008)

**Involvement in the scientific system:**

Since 2010: Scientific Director of the MagRes Consortium of the University of Freiburg

Since 2015: Chair of the Doctoral Committee of the Faculty of Chemistry and Pharmacy of the University of Freiburg

**Recognition by the scientific community:**

1995–1997: Feodor-Lynen-Scholarship, Alexander-von-Humboldt-Foundation Bonn, Germany

2006: Appointed to Senior Lecturer Position at the University of East Anglia, Norwich (UK)

2006: Appointed to Full Professorship at the University of Manchester (UK)

2006: Appointed to Full Professorship at the Queen Mary University of London (UK)

2008: Appointed to Full Professorship at the University of Freiburg, Germany (accepted)

2011: Morino Lecturer 2011, Foundation of Molecular Spectroscopy, Japan
