

Dear student,

If you are a holder of a European Health Insurance Card (EHIC), you are not required to take out additional health insurance from a German provider. However, Universität Hamburg needs to have your health insurance status confirmed in order to make your enrollment final.

We therefore ask you to

- contact a German health insurance provider,
- provide them with proof of your EHIC in form of a scan or photo of both the front and the back, and
- have them confirm your status for Universität Hamburg (Sender Number H0002269).

For your convenience, we provide a non-exhaustive list of health insurance contacts and a sample letter below. You can choose any one of the contacts. We neither endorse any of these providers nor oppose providers not on this list. This confirmation process is absolutely free of charge for you and you are not obliged to buy any additional services a provider might offer you. We neither endorse nor oppose specific public health insurance providers. Every German public health insurance provider can perform this confirmation.

You can find out more about health insurance at:

Best regards,

XY
